MAGAZINE ADVANTAGES

Local Industry Guide.

Building Insider is the only local publication providing an in-depth guide to our regional homebuilding industry. The magazine provides news and information targeted to the wide variety of building related professions of our members.

A Larger Reach.

Building Insider is now seen by more industry professionals. We have expanded the audience by mailing it to 500 top producing Realtors in the greater Columbus area in addition to our BIA members.

MEMBER PROFILES

Be one of the builders and associates profiled in Building Insider and take advantage of the best marketing opportunity available to local building industry businesses.

- A two-page spread in the front half of the magazine.
- Be interviewed for the article detailing your company, products, and services.
- A photographer will come to you for a photoshoot. You receive digital copies of the photos.
- Receive an extra 30 copies of the magazine

Builders will be interviewed on camera for a short video that will be on the front page of the BIA website for the two month run of your issue. In addition, the video will be boosted on our social media to gain more impressions and will be pinned to the top of the BIA Facebook page for the duration of your issue. The video will be sent out in our weekly Enews, which has a 10% above average open rate for our industry.

Associates will have two boosted Facebook posts for one week each month of your issue. The BIA will create these and send to you for approval. This will help your business gain a farther reach into the Central Ohio market. Be featured in our weekly Enews with a link connecting back to the boosted Facebook post.
